

VAC Position on Homosexuality

When the VAC opposes the normalization of homosexuality and homosexual marriage in our culture, it is not our intention to condemn or judge individuals.

The Values Advocacy Council and I firmly uphold the dignity and worth of each person as made in the image of God. We acknowledge that we are all sinners in the eyes of God, and yet, some sins—such as homosexuality—have a greater negative consequence and greater danger for SOCIETY as a whole.

Our opposition to the homosexual agenda is a POLITICAL and SOCIAL opposition based on Biblical principles. When we speak out against homosexuality and homosexual marriage, we do so without self-righteousness.

Ours is a stand against radicals in the gay community who promote ideas that are clearly against Biblical principles. We must stand against those ideas and for God's principles concerning human sexuality. If we do not, we expose our nation to the consequences of disobedience against God and possibly His judgment.

The battle for marriage and the battle for the minds and moral values of our children and grandchildren are critically important. If we lose these battles, the effects of those losses will be felt for generations.
